Rob Fettig(19522106610)

Andy

I will hear tomorrow around 2pm about a big Aggregate haul I would say the job pays anywhere from 1600-1980 a day depending on trucks, I can get u a room for your guys for like (40 bucks under our negotiated rate) we can together use the ap Mudd Flap too the app is priced right now at the one station in Williston at like 3.58 a gallon.

I told her we would want to do up to 6 trucks for that job. Could possibly show up with 10 if we got them.

The job runs till into Fall, and I am talking a full 6 or 5 full days and .75 of a day on Sat.

Either way we can work together trying to move the marker up for that customer to 250k it is at 60k right now on the credit marker I am cosigning for 30k of it personally.

That's next day revenue for us in the area of 16-17k. I want to work together and make this shit work for us both like we talked, I pretty much told some of the new recruits I am syndicated with a partner and if you work for me cool if you work for my partner who cares you're going to be working.

Thanks
